WORK EXPERIENCE

Deloitte Consulting

Business Technology Solutions Consultant

Minneapolis, MN

2024 – Present

- **Analytics Architecture & Delivery:** Owned end-to-end workstream delivery across 5+ client engagements, architecting finance data pipelines that unified ERP, Human Capital, and Supply Chain sources into centralized data warehouses, reducing time-to-insight by 60% and enabling consistent, scalable financial reporting for executive stakeholders.
- **Data Visualization & Reporting:** Engineered 100+ custom, interactive dashboards and KPI frameworks using Power BI, Tableau, SQL, and Python, bridging technical data teams and senior business leaders to translate complex, multi-source datasets into executive decision-making tools and embed a data-driven culture across client organizations.
- **ML & Advanced Analytics:** Owned the full analytics lifecycle for a strategic AI adoption study, from stakeholder discovery and hypothesis development through SQL extraction, Python feature engineering, and Dataiku ML modeling. Delivered an executive readout on experimental findings with insights and actionable next steps for senior leadership.
- **Cross-Industry Expertise:** Applied cross-industry consulting experience across Retail, Technology, Healthcare, and Financial Services to rapidly orient to client business contexts, bridge technical and operational stakeholders, and design targeted analytics solutions tailored to each client's unique environment.
- **AI-Enabled Delivery:** Embedded AI-assisted workflows including Copilot, Claude, and Claude Code into project delivery cycles to automate repetitive analysis, compress development timelines, and sustain delivery excellence, redirecting team capacity toward higher-impact strategic client work.
- **Leadership & Mentorship:** Developed junior analysts through hands-on technical coaching, fostering a collaborative and high-performing team environment across engagements.
- **Consistent Track of Outstanding Performance:** Recently promoted as a top 1% performer in the cohort. Consistently recognized for putting clients first by staying accessible, addressing feedback quickly, and building lasting relationships beyond projects.
